

To whom it may concern;

Please do not pass 978 as I find it very dangerous to the overall safety of American citizens. We need to be able to exercise our 2nd amendment right and be able to defend ourselves since the police can't be everywhere all the time. This bill and the hidden items wanting to be put in it are a detriment to public safety.

Join me in voting this down. Vote no on SB 978.
