

Good day

I am writing to you today to ask that you STOP this bill in its tracks. I am from generations of Oregonians who have always had guns to hunt, and for protection which is part of our Constitutional right.

It sadness me greatly what Oregon is becoming with these laws being passed without it being brought before Oregonians.

Please stop this, as a mother, a woman and a legal gun owner I plead with you today reconsider the direction this would take us.

Let's inforce the laws we have, stop punishing us that are legal and responsible owners.

Sincerely  
Tami Sears
