

What are you folks up to.. This is still Oregon. a Bill like SB 978 is an affront to any Oregonian or American citizen. This will cause the sleepers to awaken. How anti american can you be to think that this will in any manner cure any problem that you can imagine. Please awaken from the nightmare you are having. We the armed citizens of America and Oregon will not submit. We will protect the Second Amendment, for the reason that it was installed into the United States Constitution. That is "to protect the republic and it's people". Beware: fore you know not what you do. God lead you all into respect for the citizens of Oregon. Shame on this Bill SB 978, and it's supporters. I am democrat, now, but not for long. Craig L. Grasty life long Oregonian.
