

Hello,

I live in Portland, OR and I'm writing to support SB 2013. 92% of all women killed with guns in high-income countries in 2015 were from the U.S. 92%!!

If someone is convicted of domestic violence, they should have to relinquish their guns. The presence of a gun in a domestic violence situation makes it **5 times more likely** that the woman will be killed.

Close the ERPO loophole to protect people. That's what this is about. Not about gun rights. It's about protecting people who are in a horrible situation.

Sincerely,
Katie Kagel
