Subject: SB978

Members of the committee

I am writing you in reference to SB 978.

I have not read such a bunch of hoey in my whole entire life as this bill represents.

You were just going to make law-abiding citizens into criminals , literally.

Buy what I read of this bill, a current law abiding Citizen that could fail the safe compliance storage part of this Bill could share a jail cell with the person that stole his or her firearm.
How sick of a thought process is that?

As members of the legislative body you represent your constituents. Your constituents do not want this, I will guarantee that.

This is a special interest only pile of hoey and you know it .

Again I urge you to NOT move this out of committee.
