

To whom it may concern,

First, I want to explain that all the verbiage of SB978 is unconstitutional in both the state and federal constitutions pertaining to the 2nd Amendment.

Secondly, all these infringements are illegal, unconstitutional, unlawful, and unnecessary. You lawmakers designing these unethical and unenforceable restrictions are in violation of my civil rights granted to me by God and being born in the United States of America.

Third, creating these unrealistic and unconstitutional restrictions to my 2nd Amendment rights will get zero compliance!

I live by the US and State Constitutions and my Bill of Rights granted to me by birth as a US citizen. You anti gun lawmakers are the minority and will be eventually voted out or brought up on charges of treason!!! You are in office to work for us the citizens of Oregon, not become over zealous and power hungry lawmakers to design laws to fit your un American socialist/communist agendas. It's shameful to see how discriminatory you anti gun law makers are toward law abiding gun owners and citizens of Oregon. Obviously, all anti gun law makers don't care about guns or gun regulation, you only care about controlling law abiding gun owners and stripping them of their civil rights and make them criminals to pave a highway of false hope and utopia of a world without guns in your inept anti gun and anti factual minds.

To whom it may concern,

My name is Thomas J Paugh, I'm a father, Army veteran, and a law abiding Oregon gun owner. I love my beautiful state and my country, but at the moment I don't love the state government and the anti gun law makers who want to infringe on my God given civil rights as a free American. I took an oath when entering military service to protect my state and federal constitutions.

Likewise, you anti gun lawmakers also took an oath to be stewards and guardians of our state and federal constitutions. So why are you trying to dismantle the 2nd amendment and strip my civil rights away from me and tens of thousands of lawful, hardworking, tax paying Oregon gun owners?!?!?

The US Supreme Court always says, "Time and Time again, that the 2nd Amendment cannot be INFRINGED!", what is the part of of INFRINGED do you not understand?!?!?

You anti gun law makers only want to pass unlawful gun regulation to appease your puppet masters that hold the money, Soros, and Bloomberg who feed you and Kate Brown money in campaign donations.

Have you guys lost your souls, common sense, and sanity?!?!? You are public servants that work for the citizens of Oregon. You want to enslave, criminalize, and divide the population of Oregon?, well you're on the path of destroying the people of Oregon.

Please stop trying to control guns and place more emphasis on the mental issues and the lack of police tracking of individuals who are falling through the cracks and buying guns.

Gun regulation is not about controlling guns, magazines, accessories or ammunition, it's all about the anti gun law makers CONNTROLLING PEOPLE!!! I implore you to stop stepping on my rights to own and bear arms as an individual. SB978 is so deceitful and hurts so many people, stop thinking of your greed and political power. What goes around will come around. You will be voted out of office or will be in front of a judge for TREASON! My freedoms will not be destroyed by you and compliance will not be rendered for unconstitutional laws designed by fanatical, non factual, or powerful politicians.

Finally, I want you the anti 2nd Amendment law makers to stop attacking the tool, which is the gun. I want you to put effort into stopping the evil people with evil intentions! A gun by itself does not pull its own trigger or escapes from the locked safe and hurts people, it's evil people hurting good people. As law makers, you should focus on designing mental exams to weed out the weeds from the wheaties when mental people with dangerous mental disorders go to purchase a firearm. You anti 2nd amendment law makers should be the first group in the Beta program to perform the test, maybe then you will become defenders, patriots, and Americans again and love and cherish your individual rights given to you from God.
