

Dear Legislatures,

1. Please don't allow gun stores to refuse sales (age discriminate) for 18 to 21 year olds who wish to purchase long guns.
2. Don't require self-defense firearms to be locked up. I don't want to be shot by home invaders, or be prosecuted for someone stealing my property.
3. Don't hold citizens of legal transfers of firearms responsible for two years after the transfer because of no trigger lock.
4. Don't hold citizens responsible for crimes committed with their stolen property.
5. Don't ban undetectable firearms. The all plastic firearm still requires a steel barrel and other metal parts to be safe to operate.
6. Don't ban untraceable firearms. ATF says they are legal.
7. Don't increase CHL fees
8. Don't interfere with places CHL citizens can carry.
9. Don't ban CHL citizens from airports, schools and other places. CHL citizens are the safest and most law abiding citizens in Oregon.

Thank you,
