

Please vote NO on senate bill 978, 2nd amendment same as the 1st is a right and should not be regulated into non existence. I'm particularly concerned with how this bill persecutes victims of firearms theft, punishing law abiding citizens for crimes committed upon them is wrong. From what I've seen it seems this bill has been designed to make firearms ownership such a legal risk that it is, in effect, a back door gun ban. I am asking for a NO vote on SB978
