

Testimony against SB 978

I am a older widow woman and live alone. I live in the country and I have several guns in my house and all but one are locked up. I want that one gun to be readily available to me if someone ever tries to break into my home. It is not out in the open and would be very hard for someone to find. I have taken the CHL class and plan to make an appointment with the sheriffs office to get my permit to carry.

I think more needs to be done about getting the illegal guns out of the hands of the criminal rather than the law abiding citizen that use them for hunting/sport, and if need be protection. The 2nd Amendment was put in place for a reason, and with all that is going on in our country today, even this old G-ma might have to use the 2nd amendment to actually protect herself.

Thank you,
Connie [Constance] Goins.
