

I am a resident of Umatilla county. I live out from town. I'm nearing 60 years old. I very seldom see law enforcement out here. Problem with that is the criminal elements see the same thing. I believe putting more restrictions on us legal, licensed gun carrying citizens is not the answer. We are not the ones committing the crimes. Common sense and intelligence can see criminals who do not care about laws are the one that need to be delt with. Thank you. Howard Freeland.
