

SB978 vote no

This is Dan Wittekind and I want you to vote no. The second amendment should not be a conservative vs liberal issue, it shouldn't be a republican vs democrat issue, it is our right as Americans to keep and bear arms. This bill is infringing on those rights. The things being proposed in this bill will put people in a position where they cant defend themselves. I am tired of my rights being eroded all the time. This will make criminals out of many good people. Vote no.
