

I am a law abiding citizen. I have never shot a gun in anger in my life. I have a clean criminal record. I am a father and a grandfather, and I vote. In today's world, are you telling me there are no real criminals to go after? Do you really need to make half a million law abiding Oregonians criminals by outlawing items legally purchased over the counter today? If my door gets kicked in and a bad guy comes in, do you honestly think he/she will wait patiently while I unlock my safety box and load my gun? When last I heard, all of you took oaths to uphold the Constitution, not the Constitution except for the second Amendment. That would be a breach of contract with we, the people. So, can we hold all of you personally responsible for 4 years after you leave office, like you want to do to us? Given the current political situation here in Oregon, I am ashamed to admit to others that I live here for the first time ever. Your actions and antics have made us the laughingstock of the country. Congratulations.
