

Bill#- SB 978

Please vote NO on this intrusive and anti constitutional bill. A law is only good if the people follow it, people will not follow this law! It will make two new types of criminals, those that will not comply and those that have violated the constitution and their oath. When you look at the 2nd Amendment, no where in the amendment does it use the word "except". This means "no exceptions", especially no exceptions for proposed changes without fact or evidence to support them. Any laws passed on this premise that we are in a state of an emergency with firearms is not being honest, invoking fear with their constituents or is attempting to subvert the rule of law and therefore breaking their oath! Elected officials were not voted into office to vote based on opinions and feelings, we voted them in to make good decisions based on fact, evidence, expert testimony and common sense. This Bill passes none of these requirements, it will not enhance public safety it will decrease it as we seen in Chicago, Detroit, Baltimore and all other democratic controlled cities in this country. This Bill is unconstitutional and oppresses my rights and freedoms guaranteed under the constitution, the law of this land, the law that cannot be changed! I am the 3% and I will not comply!

Sincerely,
Jerry Cumiford
