

My name is Jason Dunn and I strongly oppose SB 978 and I ask that you vote NO on this unconstitutional bill that will turn law abiding gun owners into criminals and victims.

By expanding public places that even concealed handgun license holders will be unable to protect themselves only creates more victims. We know that criminals do not follow laws this is why they are criminals. Law enforcement cannot be everywhere and we as law abiding gun owners are the first line of defense for protecting our families, ourselves and anyone around us that is unable or unwilling to, we are responsible for our own safety and security.

Thank you,

Jason Dunn
