

Senators,

I am against SB978 and urge you to vote **NO** on this bill.. This is a direct attack on my 2nd amendment rights. I travel a lot for work and me and my wife live out in the country. My wife needs to be able to protect herself when I'm out of town. Having to lock our weapons up is taking that right away from her and me when I'm home. This is just crazy. You are telling criminals that they can now enter a home and all the guns are locked up. Do you really think that by taking access to guns away from law abiding citizens is going to remove guns from criminals? This is just crazy. You are not looking out for the honest citizens in our state. This is just purely gun control.

How can you take away the right of an 18 year old to purchase a rifle or shotgun but yet send them to war with fully automatic weapons to protect our freedom. But when they come home they don't have the right to protect themselves or their families.

Creating gun free zones where law abiding citizens with concealed carry permits cannot go and making it so complicated that they might make a mistake unknowingly. How many gun violence cases have been committed by legal concealed carry citizens? Just the opposite in that many crimes have been stopped or prevented by legal concealed carry citizens.

How can you make me criminally liable for my gun if someone stole it from me? This is insane.

Again I'm totally against any new laws that infringe on y 2nd amendment rights.

Sincerely,

Bradley Halleck
