

Dear Chair Lively and members of the committee,

My name is Sarah Duff and I live in Portland. I serve on the Board of Directors for OR NORML and Compassionate Oregon. I support HB 3395 because many Oregon medical marijuana growers give medical marijuana to patients that are not their designated patients. This bill would allow for the grower to be able to honestly report where their medical marijuana goes.

Thank you for taking time to look at this matter,

Sarah Duff  
BOD for OR NORML  
BOD for Compassionate Oregon
