April 8, 2019

To: **Senate Committee on Housing; Senator:** Thatcher; **Representatives:** Noble; Post  
[and many others].

**Re: I DO NOT SUPPORT [SB 8].**

**[SB 8]:** <https://olis.leg.state.or.us/liz/2019R1/Downloads/MeasureDocument/SB8/Introduced>  
**Analysis:** <https://olis.leg.state.or.us/liz/2019R1/Downloads/MeasureAnalysisDocument/44494>

**[SB 8]** is going to "chill free speech."

In Newberg, as well as in Yamhill County, there are numerous "Looney-tunes" that are elected officials and make repeated horrible "Land-Use" decisions.

There are several House Bills that are designed to "carve-up" traditional, quiet single-family housing neighborhoods to accommodate housing for those than cannot afford to live in Newberg (as well as other jurisdictions) and require government subsidies to do so.

If a senior citizen (or anyone else) living in one of these pristine, quiet single-family housing neighborhoods objects to a housing development that is going to destroy the tranquility and property values to house; illegal aliens, drug / alcohol "half-way houses," "child welfare services housing," Section 8 housing and other housing instruments associated with the "Dirt-bag-criminal element and faces the prospect of fighting well-financed leftist law firms and having to pay attorneys fees if the Land Use Board of Appeals rules against them-nobody is going to fight this challenge (unless they have very rich relatives and or have won the lottery).

Therefore, **[SB 8]** is objectionable for it not only "chills free speech" is designed to "kill free speech" and "kill" the inalienable right for a citizen to redress the clandestine activities and abhorrent decisions of government.

"Affordable Housing" is a hoax and a lie as it is currently being parlayed by national, state and municipal governments. The process is designed to "include" this population into the population who have made correct life-style choices and have earned their housing choice without government subsidies.

If you can't afford to live in a given local-move.

*Respectfully submitted,*  
/s/ David S. Wall
