

Dear Sir or Madam,

I am writing to voice my opposition to proposed legislating and restrictions regarding firearms, accessories, and possession there of in areas not currently restricted by law. I am specifically requesting that you, on my behalf, vote NO on SB978 (I urge this in the strongest possible way). I do not believe all or any part of proposed legislation amending current laws will not make me or my family safer, in fact, it will make us less safe. I believe it crosses the line of infringement, and is UNCONSTITUTIONAL.

Sincerely,

Garett J Eilers
