Subject: Premium Cigar Tax
Date: Monday, April 8, 2019 5:15:16 PM

Please decouple the tax on cigars from cigarettes. They are not the same. If you lift the cap, my business, Timber Valley Tobaccos, will go under and any anticipated revenue will actually decrease.

People will purchase online where there is no tax.

Cigars are free of addictive substances that are present in cigarettes. Cigars are not inhaled. Older people smoke premium cigars more occasionally because the price is higher.

Why enrich online sellers?
