

"The right of the people to keep and bear arms shall not be infringed" is the supreme law of the land. I will continue to be a safely armed citizen despite the thousands of infringements upon my rights.

The bigger the government the smaller the citizen

Thank God for OFF. This is tyranny. I will not surrender my rights, you will have to come take them.

Dems in Salem hate Oregon citizens, that's why they want them disarmed and vulnerable. Pass all the laws you like; until I'm arrested or killed, I will carry as usual.

Under Democrat rule, Oregon is in decline. Bigger government, higher taxes, ever more expensive projects, massive regulations, assaults on basic liberties such as life, speech and 2nd Amendment is causing this life-long Oregonian to look forward to liquidating my assets and moving to a more friendly state. Oregon is becoming Californicated.
