

Legislators,

This bill and its amendments is NOT about stopping crime. It is about discouraging law abiding citizens from owning firearms. It is very plain anybody that votes for this cares more about criminals than they care about law abiding citizens.

Sincerely, Karl Skou

Oregon Legislatures,

This is nothing more than another scheme to disarm law abiding citizens, and the more you disarm law abiding citizens the more you help criminals. It IS NOT that hard to figure out. We have the same people every year trying to do this why??? Do they like crime ??? Thank you for your time.

Sincerely, Karl Skou
