

As an Oregon citizen, taxpayer, and voter, I insist upon strict constitutional activity from elected officials. Those who compromise the 2nd amendment in any way, or violate the constitution, will be ousted in recall elections which I will help finance. Vote NO!

Dear Sirs:

As a free and law abiding citizen of Oregon and the U.S. of A, I strenuously OBJECT to ANY infringements upon our constitutional 2nd amendment rights. Any legislator who participates in sponsoring, advocating, or voting in favor of ANY bill infringing said rights will face the citizenry in recall elections to expel said traitors to the constitution from the ranks of said legislature. I will of course be a financial supporter of said recall elections, and will join the other free men and women of this country in censoring and expelling such treasonous action. "Shall not be infringed". Period.
