Dear Kailey,

I am a native of Condon in Gilliam County. As a senior citizen, I now have time to come home to the family ranch and walk the remote and spectacular scenery in my homeland.

Am writing you, to ask your help to ban the use of cyanide (“coyote getters”) devices in Oregon. These retched cyanide bombs have no place on the landscape and pose a risk to pets, my grandkids, or anyone who comes upon one.

Please support SB 580.

Sincerely,

Lynne Potter Stone
