---

Dear Oregon House Committee on Natural Resource:

I live in eastern Oregon in the small rural town of Baker City, OR. I absolutely support banning M44 cyanide bombs everywhere. I work and recreate on public lands and have dogs. These pose a huge threat to the safety and well-being of humans, dogs, and wildlife.

These cyanide bombs need to be permanently consigned to the past. I urge you to support the passage of this bill.

Sincerely,

Suzanne Fouty  
Baker City, OR 97814
