

Dear Joint Committee on Student success,

I urge you to fully fund Oregon schools!
Our hard-working teachers and students need your support.

My kids are lucky to attend a school with lots of parent involvement and financial support, but many of our schools are not so lucky. The legislature must provide enough funding so that ALL of Oregon's children have opportunities to learn.

A prosperous, equitable future for Oregon depends on an educated workforce and electorate!

Sincerely,
Kirsten Burt
