Subject: April 11 Hearing - Supportive testimony for HB 2019
Date: Friday, April 12, 2019 9:51:04 AM

Dear Joint Committee on Student success,

We all know this is long overdue; that school kids in Oregon are suffering, ill-prepared and parents with means resort to pulling their kids out of public school right and left due to inadequate resourcing. The budget cuts in urban and rural districts have been harrowing and each year get. Smaller and smaller what are you going to do to focus on our children? You heard it in the public hearing process & the road shows. Now it's time to make tough decisions and take action.

Sincerely,

A S

8045 SE Market St Portland, OR 97215-3657
