Subject: April 11 Hearing - Supportive testimony for HB 2019

Dear Joint Committee on Student success,

Our students deserve the very best we can give them. My kids are in a small town with a school that is K-8. We have 1 teacher per grade. My daughters 3rd grade class has a total of 28 students in 1 small size classroom. Our principal is a part time principal and we do not have an assistant. We deserve to have a full time principal. It's not in the budget though. Our school doesn't have a security fence, we have older desks, 1 small cafeteria, and 1 gym. No outside covered play areas. The kids can't have indoor recess in the gym because there is almost always a PE class in there. Thanks for your time.

Sincerely,
Amanda Foltz
