Subject: April 11 Hearing - Supportive testimony for HB 2019
Date: Friday, April 12, 2019 9:48:32 AM

Dear Joint Committee on Student success,

Yes please! Putting value in education is better for society in general whether you have kids or not! It's dangerous not to. Oregon needs to step up its game in this area. Not putting money, effort and value in our education system makes us laughable across the country

Sincerely,
Tricia Lewis
