Dear Joint Committee on Student success,

Hello - I am a parent of two children in Portland Public Schools, my daughter a kindergartner and my son in 7th grade. I wholly support increased funding to support out students in their learning, opportunities for rich curricula that include art, music, and technology, and supports for students that need additional attention, such as my special needs daughter. Thank you for considering this opportunity for Oregon schools!

Sincerely,  
Michael Barton
