---

Dear Joint Committee on Student success,

I work in the Beaverton SD, doing special education for 3 years and I support this Act because I think that with the money we can reduce class sizes, expand access to early education, ensure every student can see a mental health counselor, support culturally specific programs, provide more free lunch to Oregon students, restore art, music, physical education, and vocational prep. Without \$2 billion in new funding, we will fail another generation of Oregon students. It's important for the students to continue to have a great education and become successful people in the future.

Please pass this Act!

Eric Magalhaes

Sincerely,

Eric Magalhaes
