To Whom it May Concern:

I am a public school teacher in the Beaverton School District. I believe that we are doing amazing things in public schools, but too often effective programs and outstanding teachers get cut through lack of funding. I am so heartened to hear that the legislature is taking on the issue of providing a stable funding source for education. I hope that H.B. 2019 will be enacted.

I appreciate your work on this issue. The young people of our state deserve a high quality, adequately-funded education.

Thank you,
