

HB 2015 – STRONGLY OPPOSE

Dear Chair Lee Beyer and Caddy McKeown, and members of the committee.

This bill allows illegal aliens to receive driver's license without proof of citizenship and then would fall into being automatically registered to vote. Exempts Real ID, commercial driver's license and commercial driver's permit.

On September 5, 2018 in a unanimous opinion, the U.S. Court of Appeals for the Ninth Circuit upheld Measure 88, holding the voters of Oregon could keep their state from issuing driver's license to illegal aliens.

This bill defies the vote of Oregonians.

All an illegal alien needs to do to obtain a driver's license is to write a statement that the person has not been assigned a Social Security number. There are no requirements for the written statement.

The license gives the person protection against discriminate having identification other than a Real ID, but is the discrimination referred to other than wanting citizen's rights that they aren't entitled too. Protect citizens and vote no.
