This bill should not be passed under any circumstances. Getting a driver's license is one thing but automatically registering a non-citizen as a voter is simply not acceptable. Compare this to inviting a friend to stay at your house for the night and while there they make a decision to order some service such as HBO without your permission. That would not be acceptable to you. Allowing a non-citizen to obligate Oregonians to pay for something which is not in the best interest of the citizens of the State of Oregon is wrong.
