Oregonians just voted on this and said "NO!"

The grim fact is that you are not a "public servant" trying to keep Oregon livable and in good repair. You have become prostitutes to the 'correct' values and demographics (of today ... though NOT of yesterday, and not of tomorrow!). You spend all OUR time and money on people who do NOT finance your paycheck, nor do they finance ANYTHING.

It's time you quit looking for ways to make it easier for the parasites of society, and instead take care of tax payers. We are so, SO sick of your constantly checking for loose change in our pockets.

For the driver's license issue: passage of this bill means every Oregonian will have to invest time and money in some additional form of identification to get on an airplane ... and where else? It means additional paperwork for government employees who don't want to carry their current load. And additional fees on current licensees, I'm sure.

All for nothing.  
No reason.
