Joint Committee On Transportation members,

I am baffled and enraged at the apparent disrespect and contempt the legislature has for Oregon voters as it pertains to allowing illegal aliens the ability to, not only be in our state, but to be able to drive a motor vehicle in our state.

In 2013 the Oregon legislature implemented a law that gave illegal aliens access to a drivers card. We the citizens presented a referendum, Measure 88, that sought to repeal the law. We did so by a margin of 68-32 %. A very clear message on what Oregonians thought of illegal aliens being allowed to drive on Oregon roads. Now in 2019 this legislature seeks to thwart the will of the people.

I don't have the time to mention all the innocent Oregonians that have been murdered, raped and killed by drunk driving illegal aliens. I do want to mention two very poignant examples of why I am here today. Dani Countryman was a little 15 year old girl that was raped and murdered in Milwaukie Oregon by two illegal aliens in 2007. She would be alive today if not for the disgusting sanctuary policy that Oregon has forced upon us. I have not been able to get her face out of my mind and it is her memory that keeps me fighting for the rule of law to apply to EVERYONE. We citizens have to obey all the laws, regulations and rules the legislature imposes upon us, but for some reason an illegal alien that has no right to be in Oregon is given a pass. I don't get it.

Another very sad incident is the deaths of Logan and Jessica Wilson who were killed by a drunk driving illegal alien. Their three children are now permanently separated from their loving parents. How do you people go home at night to your homes, your children and justify your stance on allowing illegal aliens to be in our communities?

I urge you all to look within yourselves and realize that this is a nation of laws and that no-one should be above those laws. Abandon your attempt to subvert the will of the people (Measure 88, 2013) and do NOT give illegal aliens the ability to drive on Oregon roads. That is the sane and reasonable thing to do.
