Dear Joint Committee on Transportation,  
HB 2015 is a really good idea. The fact is that immigrants are a part of our community. Like most of us, they need to drive to get to work, take their children to school, get medical care, shop, and live their lives. When all drivers have passed a driving test and received a legal license, our communities are much safer. Please support HB 2015!  
Thank you for your hard work!

Sincerely,  
Carol Blenning
