Subject: HB 2015 written testimony
Date: Wednesday, April 17, 2019 9:39:00 AM

To whom it may concern,

The voting citizens of Oregon have already made their will abundantly clear. In 2014, Measure 88 was effectively defeated by 68% of Oregonians. By introducing this HB 2015 and moving it forward to committee Oregon's legislators have shown a complete lack of understanding when it comes to representation.

A driver's license is a privilege. Legally driving in America is not a right and definitely not a need. The illegal aliens of Oregon who have already broken our country's laws by entering illegally have no respect for the rule of law. They do not need to drive as we have abundant options for public transportation, walking, or biking. They are already driving in Oregon without licenses and will not use this new bill to become compliant. HB 2015 is a waste of taxpayer dollars and just one more reprehensible instance of legislators ignoring their voting base. Vote no on HB 2015 to protect law abiding citizens.

Sincerely,

Charlotte Nations
