Hello,

As a parent of an 8th and 11th grader, we have seen our share of underfunded schools. Some times worse than others. Looks like a worse case scenario is on the horizon unless the legislature finally works on solid funding for education. As a life long Oregonian, I have personally experienced Oregon education in a much better situation. Please work hard for stable, quality funding for schools.

Thank you,
Christy Bennett

P.S. Oregon has been underfunding our schools and shortchanging our students for decades. The time to act is now, and this is a landmark opportunity to do so.

This legislation would give our students the resources they need and the high-quality education they deserve.

The Student Success Act would create fairness in our tax system for the benefit of Oregon students. It prioritizes protecting small businesses, while also providing needed revenue for our schools and students.

With measures to ensure funds are being spent wisely, this legislation is an accountable way to finally provide critical revenue for Oregon schools.

This transformational investment in our schools will mean lower class sizes, increased graduation rates, expanded CTE programs and safer schools through more social-emotional learning.

Please vote Yes for The Student Success Act.
