Joint Committee on Student Success

Dear Committee Members,

I can't believe that the legislator is even considering HB3427 Tax Revenue Bill when Ballot Measure 97 failed miserably in 2016. The citizens of Oregon do not want to be taxed on the products they purchase and even though HB3427 attempts to cloak itself as a revenue tax, we all know that tax will be passed down to products in a recurring way. And what about small businesses? Most of you, if not all campaign on how you support small businesses, yet this bill will cripple businesses such as mine with the increases in costs. Add that to minimum wage increases, Equal Pay Act and the myriad of other regulations passed or being proposed, we are unlikely to survive. Please vote No on HB3427.

Sincerely
