I have lived in Oregon my entire adult life, have taught in the schools for 29 years, and had 2 children complete their K-12 education in the public schools. Over this time period, I have been frustrated with the lack of stable funding for education. We must implement a change and provide for our kids!

Throughout the instability of funding and budget cuts in my years of teaching, I have dealt with outrageous class sizes, reduced budgets for materials, furlough days and reduced benefits. We need to do better.

Fund education adequately! Support the proposal from the Joint Committee for Student Success (House Bill 3427) to create a \$2 billion investment in our kids.

Thank you,

Kim Barrett
Tigard, Oregon
