---

To the Joint Committee on Student Success,

I am writing to support, both as a parent and as an educator, the proposal from the Joint Committee for Student Success (House Bill 3427).

Please prioritize investing in our children's future by making adequate educational and behavioral/emotional support available to them.

Increased class sizes is one of the main negative effects of lack of funding, and it is only the tip of the iceberg.

Please consider the work that the District is doing and do not jeopardize its goals.

Maria
