Dear Committee Members:

I am writing you in support of House Bill 3427. I have previously sent a letter in regards to House Bill 2019. I work for the Beaverton School District. We are looking at losing 13 teachers next year if this bill does not get through the House and the Senate. Class sizes are exploding and it is making it more difficult for students to get a quality education in this environment.

We need your support to help keep our schools at a level that helps educate our students. As a campus supervisor I see more and more students that are struggling and need help with their homework. This bill would help to keep us at our current levels and maintain a quality education for our students.

As you approach your vote I hope you keep in mind the importance of education in our state. I am a native Oregonian and I find it hard to believe we have to continue to fight to educate our students. We need your support to help pass this bill and the \$2 Billion budget needed for our students and communities.

I appreciate your work and support of House Bill 3427.

With kind regards,

Cherise Arthur
