HB-3427

Dear Co-Chair Roblan, Co-Chair Smith Warner, and members of the committee,

Valley Agronomics LLC, sells products to our farmers in Oregon, and HB 3427 will cause us to pass on these increases to the farmers. Our farmers can only sell their products for what the market will bear with no room to increase their revenues to offset these new taxes.

We strongly Oppose HB 3427 and would ask that all farmers be exempt from these new taxes.
