

Dear Joint Committee on Student Success,

We've been underfunding our schools and shortchanging our students for decades. The time to act is now, and this is a landmark opportunity to do so. The Student Success Act, HB 3427, would give our students the resources they need and the high-quality education they deserve. The Student Success Act would create fairness in our tax system for the benefit of Oregon students. It prioritizes protecting small businesses, while also providing needed revenue for our schools and students. With measures to ensure funds are being spent wisely, HB 3427 is an accountable way to finally provide critical revenue for Oregon schools. This transformational investment in our schools will mean lower class sizes, increased graduation rates, expanded CTE programs and safer schools through more social-emotional learning. Please vote Yes for The Student Success Act, HB 3427.

As a kindergarten teacher for the past decade, I have seen the behaviors in my classroom increase from typically developing children learning how to interact in new environment to having 5-7 students who are severely impacted by trauma and mental illness that results in unsafe conditions for my students and myself. Please put out students first and fully fund education. There is still time to fix this problem but you must act now!

Regards,
