

To whom it may concern,

I wish to offer our perspective at Concentra Medical Centers that the athletic training profession is a valuable member of the occupational health team and we hope that the state of Oregon moves forward with SB 742 – A bill to modernize the Athletic Training Practice Act in order to more fully define the practice act for ATs.

Specifically, ATs help employers to minimize the impact of work-related musculoskeletal disorders, thereby enhancing their profitability. The success of such employers helps to add jobs and create more wealth in the state.

I hope that you will vote in favor of this bill.

Chris Studebaker, PT, DPT, OCS

National Director of Onsite Therapy and Athletic Trainers
