Chair Dembrow and members of the members,

I'm Clair Klock from Corbett, OR. I am not a hunter, however as a System Ecologist I can see the value of a yes vote on this HB 2294. I checked with Oregon Department of Fish and Wildlife to see if there was a connection between chronic wasting disease and cervid urine luring, attracting and enticing. I was told that research has shown this. There is no wasting disease in Oregon and we need to do everything possible to keep it from spreading.

Thank you for your attention,  
Clair Klock
