Re: I SUPPORT: [HB 3135]: ONLINE DATA MINING IS MANDATORY FOR TLT MONITORING!

[HB 3135] should be funded without opposition.

There will be a "legion" of TLT scammers who will circumvent paying taxes.

The Online data mining software and operational support overheads is crucial to stymie and thwart tax cheats.

"Tax-cheats" in Oregon? Nah-this couldn't happen could it?

Wait until the software is active. You'll strike "gold" with all those trying to make a quick buck and avoid paying taxes.

Then, send in the troops to round-up all the "Vacation Rental By Owners" and assorted "Bed & Breakfast" scammers.

VOTE "YES" ON [HB 3135]!

Respectfully submitted,
