

This bill seems very illegal to me. It seems that it's purpose is to protect ILLEGAL activity in our state. Will the committee please look up the meaning of the word illegal and also refresh their memory of the oath of office they took to uphold the laws of the state, including their responsibility to the LEGAL citizens of Oregon.

Why should we, as legal citizens of Oregon, be forced to spend taxes to house illegals in our jails and prisons for convictions of their criminal activity, when, if they are here illegally, means they should just be deported?!

Thank you for your service.
