Subject: HB 3201 and HB 2932

Hello All,

Corrie Hansen and I are AILA Oregon's advocacy liaisons writing this email in support of HB 3201 and HB 2932. Unfortunately, we just did not have enough time to draft a written testimony in support of these legislations. However, AILA fully supports these important legislation that will affect our community. As this is something that the Oregon Justice Resource Center's Immigrant Rights Project has been working on, AILA defers to their expertise to this matter and supports their efforts in pushing for these legislations. Thank you.

Regards,

Cindy del Rosario
