Subject: HB 3427
Date: Thursday, April 25, 2019 3:22:04 PM

I am a paraeducator in the Beaverton School District. I am seeing the effects of unstable and inadequate funding first hand. Students are coming to us with more problems and less support from home than ever before and we simply do not have enough resources to adequately meet their emotional and educational needs. I urge you to support HB 3427 and help give our children the education they deserve. Thank you.
